Systems: CVAC, FedLine, CVIA, EPS, Trackpoint, Service View, iTran, C-Star, iCOM, Microsoft Office, MS Teams, GitHub, Firebase, Google Cloud, Cloudflare

PROFESSIONAL EXPERIENCE

Work Director / Lead Operations Processor

Wells Fargo Bank | Durham, NC | December 2022 - Present | 40 hours/week

- Coordinate daily technical, clerical, and operational activities in a regulated financial operations environment while balancing workflow priorities, staffing needs, production goals, and service commitments.
- Review, research, update, and document operational information using CVAC, EPS, Trackpoint, Service View, iTran, C-Star, and iCOM; resolve discrepancies and route issues for follow-up.
- Manage operational records and controlled resources including Federal Reserve currency and coin ordering, supply procurement, inventory tracking, invoice reconciliation, and business documentation.
- Coordinate vendor communications, equipment maintenance requests, and technical escalations while tracking issues to completion and minimizing daily operational disruptions.
- Train and cross-train employees on procedures, systems usage, workflow expectations, documentation practices, and operational consistency.
- Develop spreadsheets, templates, and workflow tools to improve tracking, communication, document control, and process efficiency.

Operations Processor

Wells Fargo Bank | Durham, NC | August 2021 - December 2022 | 40 hours/week

- Processed customer transactions and operational documents while reviewing information for accuracy, completeness, compliance standards, and secure asset accountability.
- Researched customer and operational inquiries using enterprise banking systems; identified discrepancies, documented findings, and supported timely issue resolution.
- Performed balancing, reconciliation, audit support, vault controls, inventory controls, and operational investigations in a high-volume banking environment.

Operations Clerk

Wells Fargo Bank | Durham, NC | May 2015 - August 2021 | 40 hours/week

- Advanced through Operations Clerk I, Operations Clerk II, and Utility Clerk assignments while building Cash Vault operations, documentation, and workflow support experience.
- Processed high-volume commercial deposits, currency, and coin transactions; prepared change orders, cash shipments, and Federal Reserve deliveries.
- Operated cash processing equipment, verified transactions, identified discrepancies, escalated issues, and supported inventory and operational control functions.

ADDITIONAL EXPERIENCE

Digital Content & Platform Administrator

JorgeRanilla.com | Durham, NC / Remote | January 2024 - Present | 10 hours/week

- Build and maintain a cloud-based family heritage platform supporting user records, authentication, database organization, privacy controls, approval workflows, and administrative tools.
- Administer Firebase, Cloud Firestore, Google Cloud, Cloudflare, GitHub, Git, and domain configuration to support secure access, deployment, data organization, troubleshooting, and updates.

Residential Property Owner & Manager

Self-Employed | Greenville, SC / Remote | January 2020 - Present | 10 hours/week

- Manage rental operations including tenant relations, applicant screening, lease administration, records tracking, vendor coordination, maintenance requests, and property expenses.

VOLUNTEER EXPERIENCE

Member

Umstead Grove Homeowners Association ACC | January 2025 - Present

- Review homeowner architectural applications and supporting documents for completeness and compliance with community standards and governing documents.
- Collaborate with committee members and community management to support consistent decision-making, customer service, and neighborhood improvement initiatives.

Tax Preparer

AARP

- Prepared tax returns for low-income families, reviewed financial information for accuracy, applied tax rules and credits, interviewed taxpayers, and used TaxWise.

EDUCATION

Southern New Hampshire University

Bachelor of Science in Business Administration
