PROFESSIONAL EXPERIENCE

Work Director / Lead Operations Processor

Wells Fargo Bank | Durham, NC | December 2022 - Present | 40 hours/week

- Coordinate daily operational activities in a high-volume, regulated financial operations environment while balancing workflow priorities, production goals, staffing needs, and service commitments.
- Manage operational resources including Federal Reserve currency and coin ordering, supply procurement, inventory tracking, and invoice reconciliation while maintaining accurate business documentation.
- Research, document, and resolve operational issues using enterprise banking systems including CVAC, EPS, Trackpoint, Service View, iTran, C-Star, and iCOM.
- Coordinate vendor communications, equipment maintenance requests, and technical escalations to minimize operational disruptions and support continuity of operations.
- Train, mentor, and cross-train employees on procedures, workflow expectations, systems usage, and operational consistency.
- Identify process improvement opportunities and develop spreadsheets, templates, and workflow tools to improve tracking, communication, and operational efficiency.

Operations Processor

Wells Fargo Bank | Durham, NC | August 2021 - December 2022 | 40 hours/week

- Processed customer transactions, researched discrepancies, and resolved operational issues while maintaining compliance standards, accuracy, and secure asset accountability.
- Performed balancing, reconciliation, audit support, vault controls, inventory controls, and operational investigations in a high-volume banking operations environment.
- Provided cross-functional support across operational areas to maintain workflow, productivity, business continuity, and customer service commitments.

Operations Clerk

Wells Fargo Bank | Durham, NC | May 2015 - August 2021 | 40 hours/week

- Progressively advanced through Operations Clerk I, Operations Clerk II, and Utility Clerk assignments while building broad Cash Vault operations expertise.
- Processed high-volume commercial deposits, currency, and coin transactions; prepared change orders, cash shipments, and Federal Reserve deliveries supporting customer and operational needs.
- Verified transactions, identified discrepancies, operated cash processing equipment, escalated issues, and supported multiple production areas, inventory activities, and operational control functions.

ADDITIONAL EXPERIENCE

Digital Content & Platform Administrator

JorgeRanilla.com | Durham, NC / Remote | January 2024 - Present | 10 hours/week

- Build and maintain a cloud-based family heritage and information platform, supporting user records, authentication, database organization, privacy controls, approval workflows, and administrative tools.
- Administer Firebase, Cloud Firestore, Google Cloud, Cloudflare, GitHub, Git, and domain configuration to support secure access, deployment, data organization, and ongoing platform updates.
- Maintain responsive website content including family profiles, genealogy pages, blogs, galleries, and portfolio content while supporting organized records and role-based access controls.

Residential Property Owner & Manager

Self-Employed | Greenville, SC / Remote | January 2020 - Present | 10 hours/week

- Manage residential rental operations including tenant relations, lease administration, records, vendor coordination, maintenance requests, contractor communication, and property expenses.
- Screen applicants, evaluate qualifications, prepare lease documents, coordinate renewals, and track occupancy-related records and property administration activities.

VOLUNTEER EXPERIENCE

Member

Umstead Grove Homeowners Association ACC | January 2025 - Present

- Review homeowner architectural applications and supporting documents for compliance with community standards and governing documents.
- Collaborate with committee members and community management to support consistent, community-focused decision-making and neighborhood improvement initiatives.

Tax Preparer

AARP

- Prepared tax returns for low-income families, reviewed financial information for accuracy, applied tax rules and credits, and used TaxWise.
